Cutting height	4 - 10 cm / 1,6 - 3,9 inch
Clutch	Mechanical with the brake

PERFORMANCE

Productivity	2500 m ² /h / 0,6 acres/h
Average fuel consumption	1.3 l/hour / 0.4 gal/hour
Climbing ability	55° / 143 %*
Dimensions	98 x 111 x 60 cm / 39 x 44 x 24 inch
Gross weight	175 kg / 386 pounds

The **SPIDER CROSS LINER** is the latest addition to the SPIDER product line. It will impress you with its innovative and compact design. It is equipped with a terrain copying platform, integrated stabilizing winch, skid-steering option and is powered by a commercial HONDA engine. These features will allow you to always achieve the perfect cutting result even on the steepest slopes.

When designing this machine, we put our emphasis on user friendliness because we know how important this is for professional users. The construction of **SPIDER CROSS LINER** builds on the legendary ILD01 and ILD02 models, you can rest assured it is equipped with proven technologies which we further developed and even CROSSED the line with.
